License Plate Games

Color the States

Go to our **Map Games** within this site and print our maps of the United States. Instruct each child to color in the state for each license plate he/she sees. For younger children who may just be learning their states, there is a map with the state names already printed on it. For older children, make it a little more difficult and have them use the map with no state names printed on it!

Capitals

For each license plate you see, yell out the capital of that state! A listing of all the states and capitals is included in **Map Games**.

It All Adds Up to Fun!

Add up all the numbers on the license plate you see. The first person to shout out the right answer is the winner or if you're spotting different cars, the person with the highest number wins! Depending on your child's math level, you can add, subtract, or multiply to make the game more challenging.

Silly Phrases

Make up a silly phrase with words that begin with each letter of the license plate. The person with the most logical phrase wins! For example, EMC321 could be Eat More Candy!

License Plate Bingo

Print out multiple copies of our **Bingo Sheet**. Choose 8 states for the board – the middle box is FREE. To prevent boredom, you will want to choose license plate states that are prevalent in the areas in which you are traveling. Write the state names you have chosen in different orders for each player. As each player spots a listed state, place an X in the state box. The first person who gets three in a row and shouts BINGO – wins!

Vanity Plates

Vanity plates are a way of creatively expressing yourself through your license plate. While you're on the road, see if you can figure out the meaning of the vanity plates you come across. Here are just a few of our favorites. Can you figure them out?
